America's
Immortals

Most striking instances of gallantry for which the Distinguished Service Cross has been awarded

On the war department's records there is a roll of "America's Immortals." It is the roll of officers and men to whom there has been awarded the Distinguished Service Cross in recognition of acts of unusual gallantry in action. Behind each of these awards is a story of surpassing bravery that deserves the widest publicity, but pages of newspaper space would be required to print them all. Officers attached to General Pershing's staff have selected from the hundreds of official reports a number that typify most strikingly the gallantry and spirit of self-sacrifice that made America's army invincible. Here are a few of them:

THOMAS O. NEIBOUR,
Private, Company M, 167th Infantry.

Private Neibour, whose home is at Sugar City, Idaho, was decorated for conspicuous gallantry in action near Landres-et-St. Georges, France, October 16, 1918. On the afternoon of October 16, when the Cote de Chatillon had just been gained after bitter fighting, and the summit of that strong bulwark in the kriegshilde Stellung was being organized, Private Neibour was sent on patrol with his automatic rifle squad to enfilade enemy machine gun nests. As Private Neibour gained the ridge he set up his automatic rifle and was directly thereafter wounded in both legs by fire from a hostile machine gun on his flank. The advance wave of the enemy troops counter-attacking had about gained the ridge and although practically cut off and surrounded, the remainder of his detachment being killed or wounded, this gallant soldier kept his automatic rifle in operation to such effect that by his own efforts and by fire from the skirmish line of his company at least 100 yards in his rear, the attack was checked. The enemy wave being halted and lying prone, four of the enemy attacked Private Neibour at close quarters. These he killed. He then moved along among the enemy lying on the ground about him, in the midst of the fire from his own lines, and by his coolness and gallantry captured eleven prisoners at the point of his pistol and, although painfully wounded, brought them back to our lines. The counter-attack in full force was arrested, to a large extent, by the single efforts of this soldier, whose heroic exploits took place against the skyline in full view of his entire battalion.

EDWARD C. ALLWORTH,
Captain, 60th Infantry.

Capt. Allworth won the Distinguished Service Cross for bravery in action at Clerly-le-Petit, France, November 5, 1918. While his company was crossing the Meuse river and canal at a bridgehead opposite Clerly-le-Petit, the bridge over the canal was destroyed by shell fire and Capt. Allworth's command became separated, part of it being on the east bank of the canal and the remainder on the west bank. Seeing his advance units making slow headway up the steep slope ahead, this officer mounted the canal bank and called for his men to follow. Plunging in he swam across the canal under fire from the enemy, followed by his men. Inspiring his men by his example of gallantry, he led them up the slope, joining the hard-pressed platoons in front. By his personal leadership he forced the enemy back for more than a kilometer, overcoming machine gun nests and capturing a hundred prisoners, whose number exceeded that of the men in his command. The exceptional courage and leadership displayed by Capt. Allworth made possible the re-establishment of a bridgehead over the canal and the successful advance of other troops. Capt. Allworth's home is at Crawford, Washington.

LOUIS CUKELA,
Lieutenant, 5th Regiment, U. S. M. C.

Lieutenant Cukela was decorated for conspicuous gallantry near Villers-Cotterets, France, July 18, 1918. When his company, advancing through a wood, met with strong resistance from an enemy strong point Lieutenant Cukela, then a sergeant, crawled out from the flank and made his way toward the German line in the face of heavy fire, disregarding the warnings of his comrades. He succeeded in getting behind the enemy position. Rushing a machine gun emplacement, he killed the crew with his bayonet. With German hand grenades he then bombed out the remaining portion of the strong point. His home is in Minneapolis, Minn.

SYDNEY G. GUMPERTZ,
First Sergeant, Company E, 132nd Infantry.

Sergt. Gumpertz was decorated for gallantry beyond the call of duty in action in the Bois de Forges, France, September 26, 1918. When the ad-

vancing line was held up by machine gun fire, Sergt. Gumpertz left the platoon of which he was in command and started through a heavy barrage toward the machine gun nest. His two companions soon became casualties from bursting shells, but Sergt. Gumpertz continued on alone in the face of direct fire from the machine gun, jumped into the nest and silenced the gun, capturing nine of the crew. Sergt. Gumpertz's home is at 701 West 178th street, New York city.

CHARLES F. HOFFMAN,
Gunnery Sergeant, 49th Company, 5th Regiment, U. S. M. C.

Sergt. Hoffman received the Distinguished Service Cross for an act of conspicuous gallantry in action with the enemy near Chateau-Thierry, France, June 6, 1918. Immediately after the company in which Sergt. Hoffman belonged had reached its objective on Hill 142, several counter-attacks were launched against the line before the new position had been consolidated. Sergt. Hoffman was attempting to organize a position on the north slope of the hill when he saw twelve of the enemy, armed with five light machine guns, crawling toward his group. Giving the alarm, he rushed at the hostile detachment, bayoneted the two leaders, and forced the others to flee, abandoning their guns. His quick initiative and courage routed the enemy from a position from which they could have swept the hill with machine gun fire and forced the withdrawal of our forces. His home is in Brooklyn, N. Y.

THEODORE PETERSEN,
Sergeant, Med. Det. 151st Field Artillery.

Sergeant Petersen (deceased) was decorated for conspicuous gallantry in action at Peronne, France, March 5, 1918. Mortally wounded during an enemy bombardment, Sergeant Petersen, though himself too weak to minister to other wounded soldiers, directed his associates in treating the wounded and refused to receive assistance himself until all the others were cured. When gas shells began to fall in the vicinity he directed the men in adjusting their masks and was the first to test for gas. He continued to supervise the treatment of the wounded, despite the fact that he was suffering great pain, until the arrival of the surgeon, who sent him to the rear. He died on reaching the hospital. His mother, Mrs. N. J. Petersen, lives at 99 Central avenue, Oshkosh, Wis.

JAMES D. HERIOT,
Corporal, Company I, 118th Infantry.

Corp. Heriot, who lived near Providence, S. C., was decorated for conspicuous bravery, resulting in his death, at Vaux-Audigny, France, October 12, 1918.

Corp. Heriot, with four other soldiers, organized a combat group, and attacked an enemy machine gun nest which had been inflicting heavy casualties on his company. In the advance two of his men were killed, and because of heavy fire from all sides, the remaining two sought shelter. Unmindful of the hazard attached to his mission, Corp. Heriot, with fixed bayonet, alone charged the machine gun, making his way through the fire for a distance of thirty yards, and forcing the enemy to surrender. During this exploit he received several wounds in the arm, and later in the same day, while charging another nest, he was killed.

DONALD M. CALL,
Second Lieutenant, Company B, Tank Corps.

Lieut. Call was decorated for conspicuous bravery in action near Varennes, France, September 26, 1918. During an operation against enemy machine gun nests west of Varennes, Lieut. Call, then corporal, was in a tank with an officer, when half of the turret was knocked off by a direct artillery hit. Choked by gas from the high-explosive shell, he left the tank and took cover in a shell hole thirty yards away. Seeing that the officer did not follow, and thinking that he might be alive, Corp. Call returned to the tank under intense machine gun and shell fire and carried the officer over a mile under machine gun and sniper fire to safety. Lieut. Call's home is at Larchmont Manor, N. Y.

CHARLES DISALVO,
Private, Company B, 354th Infantry.

Private Disalvo (deceased) was decorated for conspicuous gallantry in action near Remonville, France, November 1, 1918. When the combat group, of which he was a member, had been halted by enemy machine guns, Private Disalvo alone charged forward. Attacking the nest, he killed one gunner and forced the rest to surrender. His act enabled the group to continue their advance. During the charge on the nest he was so seriously wounded that he died on the field. His widow lives at 3305 Arlington avenue, St. Louis, Mo.

JOHN J. KELLY,
Private 78th Company, 6th Regiment, U. S. M. C.

Private Kelly was decorated for gallantry in action at Blanc Mont Ridge, France, October 3, 1918. Private Kelly ran through our own barrage 100 yards in advance of the front line and attacked an enemy machine gun nest, killing the gunner with a grenade, shooting another member of the crew with his pistol and returned through the barrage with eight prisoners. Private Kelly's home is at 6149 Kimbark avenue, Chicago, Ill.

GRANDMA USED SAGE
TEA TO DARKEN HAIR

She mixed Sulphur with it to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.—Adv.

WEAK KIDNEYS MEAN
A WEAK BODY

When you're fifty, your body begins to creak a little at the hinges. Motion is more slow and deliberate. "Not so young as I used to be" is a frequent and unwelcome thought. Certain bodily functions upon which good health and good spirits so much depend, are impaired. The weak spot is generally the bladder. Unpleasant symptoms show themselves. Painful and annoying complications in other organs arise. This is particularly true with elderly people. If you only know how, this trouble can be obviated.

For over 260 years GOLD MEDAL Haarlem Oil has been relieving the inconvenience and pain due to advancing years. It is a standard, old-time home remedy, and needs no introduction. It is now put up in odorless, tasteless capsules. These are easier and more pleasant to take than the oil in bottles.

Each capsule contains about one dose of five drops. Take them just like you would any pill, with a small swallow of water. They soak into the system and throw off the poisons which are making you old before your time. They will quickly relieve

"Why are you holding your ear?" I asked.
